\* With a room height of 2.50 m

## Accessories for the IDEAL AP30 PRO/ AP40 PRO

Add a splash of colour to your office with a fabric cover that also serves as an additional pre-filter.

## EASY-TOUCH control panel

Display of the current air quality via a three-colour code. The functions On/Off, Auto, Level 1/2/3, Turbo, and Night mode can be operated conveniently and intuitively.

## Infrared remote control

Convenient operation of the AP40 PRO: direct buttons for timer, power levels, night mode, and child lock.

## 360° smart filter

Easy filter replacement: the top of the air purifier is released from the filter with a short twist and connected to the new filter.

**Fine-tuning made easy**

Simple, convenient, and intuitive operation – with the well-designed control panel, you can effortlessly manage all functions: On/Off, Auto/Manual/Turbo, timer, and night mode.

**Performance meets efficiency**

The GreenTech EC motor combines low energy consumption with quiet operation. This makes the AP60 PRO and AP80 PRO among the most compact and powerful air purifiers on the market.

**Air quality at a glance**

The AP35 automatically monitors air quality and displays it in real time. Switchable LED elements visualise the current air purity, giving you complete control at a glance.

**Innovative technology for your rooms**

Experience modern technology with the AP35. It features intelligent sensors, a multi-level automatic mode, active display indicators, and adjustable speeds.
